

# NeuroBoost DHA

## Naturally Smart Tablets for the whole family Brain Health

*Omega 3s and especially DHA are essential for cognitive health at all life stages as it makes up over 90% of the n-3 PUFAs in the brain and 10%–20% of its total lipids (Weiser 2016).*

### Strong Partnership creating a world of formulation opportunities

**Fermentalg** and **NAIE** expertises at your service for innovative products and formulation from powder form. We prioritize maintaining excellent sensory qualities and stability in our products and can support you with tailor-made options.

### Algal DHA and Multivitamins in one convenient yummy tablet

With one tablet daily for kids and two for adults, NeuroBoost DHA vegetarian chewable tablets contribute to normal brain function, to normal psychological functions and contributes to the maintenance of normal vision (EFSA claims).

**Made in Switzerland** using DHA sourced from a **patented microalgae in France.**
