

ANYTHING IS POSSIBLE WHEN WE WORK TOGETHER

Through the partnership and expertise of the leader in custom formulation and contract manufacturing, **NAIE S.A.**, and global natural carotenoids manufacturer, **Lycored**, **Skin Luminosity Powder Beverage** delivers a convenient and effective beverage mix, meeting the on-the-go lifestyles and wellness desires of today's consumer.

SKIN LUMINOSITY POWDER BEVERAGE

Skin Luminosity Powder Beverage is a daily dry beverage stick pack prototype, utilizing **Lumenato™**, a proprietary tomato extract designed to support the appearance of radiant and youthful looking skin.

Manufactured in Switzerland 

Lumenato™ is Lycored's proprietary, solvent-free extract from their one-of-a-kind golden tomato specifically bred for its beauty characteristics. The natural mix of nutrients have been carefully calibrated for consistency and efficacy in each dose.

Lumenato™ benefits:

- Promotes skin clarity impaired by exposure to UV light Improves skin radiance and glow impaired by daily environmental exposure
- Enhances skin luminosity
- Revitalizes dull skin
- Protects collagen tissue from damage and supports repair
- Ceramides and long chain fatty acid structure and skin content are improved Improves the balance of essential fatty acids and antioxidants

Stick Pack: 2g stick pack to dissolve in 150 ml of water

Recommended daily intake: 1 stick pack containing 200 mg Lumenato S beadlets

Ingredients: Maltodextrin, Vitamin C from Acerola Cherry, **Lumenato™S Beadlets with Natural Tomato Carotenoids**, Citric Acid, Mango Flavor, Beta Carotene from **GoldHold A Dry**, and Sucralose.

SAMPLE, NOT FOR RETAIL SALE

EFSA claims:

Vitamin C contributes to normal collagen formation for the normal function of skin
