

STRONG PARTNERSHIP CREATING A WORLD OF FORMULATION OPPORTUNITIES

This Skin Beauty Booster Supplement has been developed using the expertise of **NAIE S.A.**, a proven leader in Custom Formulation and Contract Manufacturing of nutritional supplements and **Mibelle Biochemistry**, a pioneering company in natural active ingredients, with clinically-backed, science-driven premium solutions for beauty-from-within, healthy aging, nootropics, sport, and weight management.

SWISS SKIN BEAUTY BOOSTER

 **DracoBelle™ Nu**
Key to skin's beauty by
boosting collagen repair

 **PhytoCellTec™ Md Nu**
Apple cell culture extract
for skin vitality

DracoBelle™ Nu is a high-quality, natural extract from the Moldavian Dragonhead. It activates the anti-aging and longevity pathway AMPK and FOXO, which is known to stimulate collagen synthesis and improve DNA repair. This results in a more youthful appearance.

PhytoCellTec™ Md Nu is a novel anti-aging apple callus extract made from the rare apple variety Uttwiler Spätlauber. It is rich in epigenetic metabolites allowing old skin stem cells to improve their vitality.

Composition: **DracoBelle™ Nu 200mg**, Vitamin C 80mg, Niacinamide 16mg, **PhytoCellTec™ Md Nu 10mg**, Zinc 5mg, Vitamin B2 1.4mg, Copper 1mg, Vitamin A 800µg, Biotin 50µg.

Glass bottle: 30 capsules

Recommended daily intake: 1 capsule
